FOREWORD

The house lights are dimmed, and the theatre slowly fills with people. It is opening night. Now the work of the writers, the lighting technicians, the stage directors, producers, and countless other members of the staff who create a show is over. The production is on its own and has every opportunity to prosper. All the participants have done their utmost to insure its success.

For many years, our "technicians" in school have worked tirelessly to prepare for the premiere. Armed

with our own abilities and the guidance our teachers have given us, we wait in the wings for the rising curtain. Anxiety and fear are felt, but that is only natural. As we step upon the stage, our worth to society must be proven. Every chance for success is ours, whether in a large or small degree. It cannot be measured; each achieves it in his own way. To this end, then, let us await the rising curtain, not with resignation or fear, but with determination and courage.

Every performer who achieves a position of stellar importance upon the Great White Way knows that success is not the product of coincidence. It is an admixture of perspiration and inspiration; the former usually the more generous ingredient.

A great man just as a star is not born; rather he evolves through the crisis with which he is confronted and above which he must triumph.

Within our midst, there is one who aptly can be known by the appellation "star." Under his tutelage, mental and emotional growth have been fostered within thousands of students. With deep appreciation, we dedicate the 1961 Niagarian to you, Brainard N. Parsons.

To the Class of 1961:

Much preparation goes into every stage production, and those which succeed in catching the attention of the public and become fabulously successful, sometimes have no more preparation than those which fail. In school life, the opportunities and preparation for adult life is there for all, but just as in plays, some of the performers are successful and others are not. In both instances, preparation and the quality of the performance are important.

Try-outs in plays eliminate some applicants as not suitable for the part. Try-out courses in your early years of high school helped steer you into the areas of study where you thought you would be rewarded with success. The fact that you are graduating indicates you have been somewhat successful, although your main goals are yet to be achieved.

Often a prompter supplies the cue which makes an actor a brilliant performer and successful actor. We sincerely hope that our promptings as teachers have helped each of you along the road to success.

I wish great things for our graduates as they move across the stage of life.

Timothy A. O'Brien
Principal

ADMINISTRATION

To the Class of 1961:

"All the world's a stage,
And all the men and women merely players."

This well known quotation from the famous work of William Shakespeare is as applicable today to the individual person as when he wrote it. Throughout life each member of the senior class will play many parts.

You have chosen Broadway plays as the theme for your yearbook. Before the thrill of an opening night much planning and preparation take place. In like manner, as you approach the time of your graduation from high school, years of planning with your parents and teachers have helped you reach this goal.

Some Broadway plays are more successful than others. The degree of their success depends a great deal upon their appeal to the public and the talent and skill with which they are presented. Your success in future activities will depend upon your training and enthusiasm for whatever occupation or profession you choose to follow.

As you leave Niagara Falls High School, may I extend my congratulations and best wishes for a very happy and successful future.

touch with the problems and functions of N.F.H.S. STAFF

The Yearbook has been assembled, pictures have been taken, a deadline has been met, and once again, students are able to look back and relive some of the days when a king and queen were chosen, officers were elected, a game was won, and a hit was produced.

It is this which the members of the Niagarian Staff endeavor to attain. Under the direction of Mrs. H. Donovan and Miss A. McCabe, the editors, Nancy Fulwider and Judith Manley, worked to compile an edition which would be memorable in the years to come. The financial aspect of the publication was most ably executed by Mary Jo Marino and Dolores Tirabassi.

Words alone will not aptly portray the incidents of a year, and so, Miss P. Jones and her art staff augmented the script with student drawings paralleling the theme.

The climax of the campaign's financial goal was attained by the production of the Niagarian Variety Show in the month of November. Mr. Louis Angelo of the Varden Studios most graciously donated the tickets for the performance, making the evening a total profit.

It is the hope of all who have given of their services during the past months that the 1961 Niagarian will evoke pleasure and pride in this past school year.

JUNIOR RED CROSS

"Good things happen when you help" is the motto of the Junior Red Cross. Its purpose is to help children and hospitalized veterans through special projects. This is achieved by sending school supplies to European children, and by decorating hospitals for the holidays to give a little cheer to the sick. Mrs.

Babbage, they coordinate the lights, sound effects and curtains. For these and numerous services a sincere "thank you" is extended.

The members under the supervision of Mr. J. D'Angelo seek to explore mathematically the operation of those complicated computers, the I.B.M. and

the Model 650. The year was climaxed when a gentleman from industry lectured to them, and the members witnessed the practical utilization of the forementioned mechanisms within a technical environment.

JOHN MARSHALL CLUB

When the roll call is taken at the district Model United Nations this year, the delegates answering for Austria and the Union of Soviet Socialist Republics will be composed of members of the John Marshall Club. This workshop, based on the General Assembly of the real United Nations, is one of the many activities in which the club participates. They have been well trained for it by their own informal discussions and debates on current events or subjects pertaining to Citizenship Education. This spirit of self-expression directly relates to the organization's motto "there are two sides to every question: find

them."

Twenty-four members comprise the club; fourteen Juniors and ten Seniors. Membership is limited to those who can maintain an 87 per cent average in Citizenship Education. At the annual induction, candidates for membership deliver a prepared speech which they follow with a brief, extemporaneous talk on a chosen subject. An award established by the club is bestowed in June upon the student whom they feel has shown outstanding qualities in citizenship. Mr. E. Ducette is advisor to the group.

FOOTBALL

Again this year, the Niagara Falls High School Football team has won the City Championship. Through the desire to come out on top, Coach Mike's 1960 Cataracts ended with a 7—1 record, which placed them in second place in the N.F.L. The victories over both Trott and LaSalle gave the NFHS squad the opportunity to bring home the City Championship. The first game of the year, our only defeat, was an upset because of our defeat by only one point, thus preventing an N.F.L. championship. Nevertheless, the NFHS Cataracts are determined to bring home, next year, another unblemished record with all honors due a team of champs.

a five hitter and struck out 9 batters. John Goodfellow, a sophomore, was the team's leading batter at .429. Jerry Tubinis was next at .420. Al Meranto, Jerry Tubinis, and Dennis Scouler were selected on the N.F.L. All-Star team.

TRACK

The 1960 N.F.H.S. track team had a highly successful season. Compiling a 6 won, 3 lost record in regular dual meets to finish fourth behind tri-champions Kenmore West, Tonawanda, and Kenmore East, the team also won the annual all-city track meet, nearly

doubling the score of second-place Duffy. In the city meet the scores were: Niagara Falls — 57, Duffy — 29½, LaSalle — 26⅓, Deveau — 15⅓, Trott — 14. Coach "Doc" Parsons and Assistant Coach Mr. J. Moran hope 1961 will be even more successful.

SWIMMING

Coach "Dave" Reeser once again navigated the Varsity Swimming Squad through a good season. Among Mr. Reeser's returning lettermen are: Co-Captains Jim Crane and Mike Smith, Andy James, Gary Martin and Rick Havens. All through the 1960-61 season, Niagara Frontier League competition was stiffer than ever. The Falls Mermen set their share of school, pool or league records. Andy James churned his way through many pool marks setting a league record of 18.6 in the 40 yard freestyle. Captain Crane reached several new marks in the strenuous 200 freestyle event. Gary Martin pulled away from some of the roughest competition to set a new league mark by breaking the one minute barrier with a 57.8 in fast moving 100 yard butterfly. Martin has also excelled in the 200 yard Individual Medley. Junior Varsity coach Mr. J. Farugia has had sparkling results with the second Niagara Squad. Let's keep our fingers crossed, and hope the future Varsity Squads will achieve great heights.

BOWLING

This year the boys' bowling league took place at the Bowl-O-Drome on Tuesdays at 3:30 p.m. "Doc" B. Parsons was in charge of the teams. Two sessions were held. The first session lasted eight weeks, with eight teams bowling every week. In January, a new session

was started with only six teams, each having three men bowling at one time. Not only was a successful season achieved in bowling but the boys received a practical application in the principles of good sportsmanship.

the gym classes. The rules and regulations of the various sports must be learned and practiced by the gym leaders so that they may successfully help other students.

CHEERLEADERS

This year the Niagara Falls High School cheerleaders have worked hard in promoting school spirit and good sportsmanship. Under the leadership of Miss M. McDougall, the cheerleaders try to bring enthusiasm and interest in school sports to the student body. More than 100 girls tried out for the J.V. squad. From those girls, 10 were chosen to represent our Junior

Varsity sports. In selecting the Junior Varsity cheerleaders, the candidates were required to possess a friendly personality, rhythm, ideals of good sportsmanship, enthusiasm and an 80 per cent average, passing all their subjects. We are proud of these girls and of the way they represent us.

Sixteen teams of twelfth grade girls and five teams of eleventh grade girls meet at the Central Bowling Allies to compete in a bowling tournament on Tuesday and Wednesday. Bowling is becoming one of America's leading sports. The junior and senior girls

ALMA MATER

We love thee, dear old high,
With your halls of learning grand.
Your colors we'll hold high,
To the front we'll proudly stand,
Always, always staunch and true,
Always, always proud of you!
And your praises loud we'll sing,
We to thee our homage bring.

Nine y'rahs for Niagara Falls!
Nine for the Red and Gray!
To duty now she calls,
That success may with us stay.
So we pledge ourselves anew,
N.F.H.S. we'll be true,
And for you we'll climb the height,
Niagara, you're all right.

SPORTS' AWARD DAY

As the old bromide states, "the show must go on." So it is with us. The curtain of life has scarcely risen; each has a role which he must interpret to the final word and gesture. For some, tragedy will shadow the performance; for others, comedy will predominate. Inevitably, life will convey challenge. It is upon our generation that the world focuses its vision. It is our hope that we shall play our parts well!
